SAMPLING OF SHORE EXCURSIONS IN ASIA

Gyeongbokgung Palace & Folklore Museum

Start your day by visiting Gyeongbokgung Palace which was built in 1395. The premises were once destroyed by fire during the Imjin War (Japanese Invasions, 1592-1598). However, all of the palace buildings were later restored during the reign of King Gojong (1852-1919). After your visit to the palace, explore the folklore museum located inside Gyeongbokgung Palace where visitors can learn about Korea's domestic life, agricultural lifestyle, and cultural beliefs.

Scenic Drive to Dambulla, Golden Temple of Dambulla

Depart the pier for the scenic, approximately 2.5-hour drive to Dambulla. Upon arrival, a visit is made to the ancient Golden Temple of Dambulla, a UNESCO World Heritage Site. The Buddhist cave shrine temple complex of Dambulla, with its compelling and inspirational tranquillity, has touched the spirit of millions of visitors who have passed through its sacred spaces across the centuries.
