

Guided vs. FIT—Compare the Benefits!

Your travelers may believe that a FIT tour is a better option than a guided tour. They want to pick and choose their hotels and activities — it is then up to you to do the research and arrange their tour at the lowest price possible. At Collette, we believe that your time is valuable. We offer tours where all the work is already done for you — your travelers only have to enjoy the adventure. Consider Collette's benefits . . .

Benefits for you:

Time.

Collette saves you time researching hotels and activities on tour. With FIT, more time may be spent finding the best deal, and quality may be sacrificed.

Expertise.

Our tours have one dedicated tour manager as opposed to several local hosts. Our tour managers know their regions well, and can answer any questions.

Commission.

With FIT, you have to go after commissions from many different sources. Collette offers a commission on land, air, and pre-sold options, and you can make more money.

Security.

Sell our tours with confidence, knowing that we offer 24/7 customer care for travelers, discount protection for agents, and a travel protection plan that protects you both.

Benefits for your travelers:

Worry-free travel.

A full refund travel protection plan for cancellation right up to the day prior to departure.

Sedan service included.

On all air-inclusive tours, receive round trip home to airport sedan service.*

Increased savings.

Travelers actually save money going guided — 40% less — and don't have to worry about the quality.

Many meals included.

This saves travelers time and stress. Regional drinks — such as wine in Italy — may also be included.

Your clients' time is valued.

Collette's comprehensive tours include the must-see attractions as well as unique experiences in a destination. There is a perfect balance of inclusions along with free time to make the experience their own.

*Sedan service is offered on all air-inclusive departures within a 50-mile radius of more than 90 airport gateways. Other restrictions apply; call for details.
