

Great Safaris
Our valued Travel Advisor partners
A personal message from our President and CEO

March 25, 2020

We hope you are doing as well as possible during this uncertain and anxious time.

It is important to take this opportunity and reassure you that Great Safaris is operating as normal, with staffed offices in Glendale, CA and throughout Africa; some staff are working from home. We remain committed to delivering client-focused travel experiences in partnership with our suppliers and employees. Together, we will overcome this crisis.

As a longtime and valued partner, we are reaching out to you personally to share how Great Safaris is addressing the current reality.

Travel Restrictions

We have been forced to cancel most tours throughout Africa through April 30th as a result of U.S. and some African government-issued restrictions.

Existing Bookings

All tours scheduled for arrival before April 30th may be changed or canceled at no charge. Payments made to date as non-refundable deposits, may be applied to your account as travel credits towards future trips through 2021.

New bookings

We have been accepting some bookings for late 2020 and for 2021 and appreciate this ongoing support. Through our tailor made services and flexibility we will continue to make the current and future booking process as smooth as possible.

As the current situation evolves, so will our response. We will keep you apprised of new developments. In the meantime, please understand we are doing our best to navigate this new landscape. We thank you for your understanding and patience as we work through April and the following months to satisfy client demands.

We look forward to hosting you and your clients in Africa in the near future.

Sincerely yours,

Dave Herbert, CEO & Anne Bellamy, President
