

Here's our latest update on our cancellation policies. It's all uniform now for all destinations in Europe.

A - departures within **30 days** to all European Countries included Italy: no penalties will be applied. The full amount already paid will be credited toward future travel with Boscolo Tours. Your clients will receive a voucher which can be applied to any future reservation with us to any destination, provided the travel starts 12 months from the cancelled departure date.

B - all the reservations with departure over **30 days**: penalty is reconfirmed as per the booking confirmation. Any excess between the amount of the penalty and the already paid amount will be credited toward future travel with Boscolo Tours. Your clients will receive a voucher which can be applied to any future reservation with us to any destination, provided the travel starts 12 months from the cancelled departure date. In this case we recommend to wait and see how the situation develops, before cancelling.

Thanks,

Patrick
